supporting women and their children through recovery since 1986

# CHRYSALIS HOUSE INC

The mission of Chrysalis House is to provide comprehensive recovery services that empower women to build a better life for themselves and their children.

## CHRYSALIS HOUSE - A NEW BEGINNING!

**SPRING 2023**

Our vision has become a reality. In 2017, Chrysalis House staff and the Board of Directors began to contemplate ways to provide treatment services to more women struggling with substance use and mental health disorders. Fast forward to December 1, 2022 and the dedication of the Chrysalis House Campus Expansion in Crownsville. The facilities look like a "Total Home Makeover" consisting of nineteen new beds, tripling the size of the Child Development Center, a modernized and expanded kitchen and dining area, a three-story clinical wing, and renovated administrative offices.

The project team was led by general contractor Hamel Builders Inc., project architect- Studio 343, civil engineers -Drum Loyka & Associates, LLC, and Episcopal Housing Corporation.

*Home Sweet Home!*

Financial support came from the State of Maryland, Anne Arundel County, private donors, and family foundations. The dedication ceremony was a wonderful celebration of our accomplishments. Many thanks to the countless individuals who played a role in the crowning achievement. We could not make this project happen without the generosity of all of our supporters.

*George A. Lambert kitchen and dining room*

*Chrysalis House Dedication - December 2022*

## Alumnae Spotlight

Valeria Smith, a 2022 graduate of CHI, is currently living in our Supportive Housing and her artwork is showcased around the Crownsville campus. Valeria is now a published artist, having recently learned that a piece she wrote entitled "Restrained" will be published in *The Journal of Women and Criminal Justice*, which is being released this spring. Congratulations Valeria on this wonderful accomplishment! We are very proud of you and all of our Alumnae who are working their recovery journey.

## Message from Robin Rickard, JD Chief Executive Officer

*Robin Rickard, JD  
Chief Executive Officer*

Spring is defined as "a time or season of development and growth." Wow, how appropriate, because here at Chrysalis House we are doing just that at our Crownsville campus as well as at Chrysalis House Healthy Start in Baltimore City. We have been spring cleaning, getting organized, and looking forward to our new and bright future with exciting programs and events for the women and children. The renovation and expansion of CHI is now complete. A huge, heartfelt thank you to our donors, community partners, and the Board of Directors for your important support. I also want to thank the Chrysalis House staff and especially the clients, for their patience with the transitioning that has taken place over the past several months.

I am looking forward to our Open House on May 24th, where we will showcase the new building, and will share the exciting new plans for our recovery program. We will be adding therapeutic and holistic therapies to our already robust curriculum. I'm excited that we are partnering with several community organizations that will help equip and train the women in running and walking. We have received grant funding from Behavioral Health Client Services and are establishing a Client Fitness Program and will be ordering exercise equipment for an indoor dedicated space for working out. On Earth Day, we planted 200 trees in the meadow, a partnership project with Arundel Rivers Federation. We have been awarded a \$75K bond bill from the state to create a Therapeutic Nature & Walking Trail around the meadow, for clients and staff to use.

It's only been a few months; however, it's been an absolute honor to join the Chrysalis House team and I can't express how excited I am for our future. Again, thank you to all our supporters and I look forward to seeing you at the May Open House!

### **Butterfly Fund-Monthly Giving Program**

Chrysalis House needs your financial support more than ever! With the expansion of the CHI programs, along with our planned increase of 19 additional clients to participate in our recovery program, our programmatic needs have increased. Please consider a gift this spring! There are many ways to help-give monthly, make a one-time donation, or consider an item on the CHI Wish List.

"It doesn't get more fundamental than this. If a young mother is struggling, her children are struggling too. It is critical for Moms to get the support they need to be healthy and strong. By supporting women so they can recover and raise their children well, I am investing in the future we all share. I love knowing that I have supported the work of Chrysalis House."

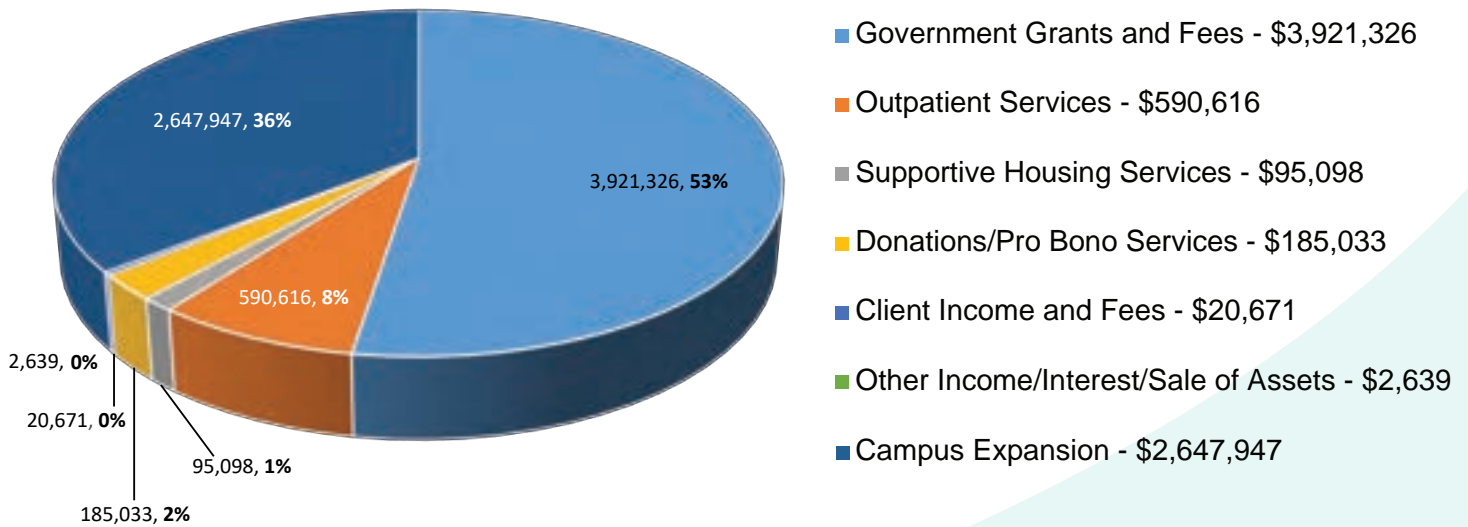

### **Debra McGhee-Butterfly Fund Monthly Donor**
